

3MP **Wi-Fi** **DUAL BAND**
Night Color
2.4GHz & 5GHz
ภาพสี 24 ชั่วโมง

ติดตั้งนอก/ในอาคาร
ป้องกัน น้ำ แดด ฝน **IP66**

HW-33B30W
3MP WiFi Dual Band Night Color

เชื่อมต่อมาตรฐาน
Onvif

รองรับพอร์ต LAN
Port RJ-45

ควาสีกกลางคืน
Dual Light

คุยโต้ตอบได้
2-way Audio

ตรวจจับการเคลื่อนไหว
Human Detection

บันทึกผ่าน SD Card
(สูงสุด 256GB)
Micro SD Card

Product Features

- * 3 MP enjoy high-definition picture quality
- * Supports local TF card video recording storage, ensuring the safe storage of video data
- * Supports a microphone and speaker, enabling two- way voice intercom
- * Infrared and white light dual design, supports three adjustable night vision modes, achieving full- color night vision
- * Active defense: when someone enters the monitored area, human detection triggers real- time alert notifications, and the device activates sound and light alarms
- * Supports remote monitoring via mobile and PC clients, allowing you to view live footage any time and anywhere
- * Supports motion detection and real- time app alert notifications
- * Supports 2.4GHz and 5.8GHz frequencies, and is compatible with WPA and WPA2 encryption
- * IP66

Specifications

Model		HW-33B30W
Pixel	3MP	
Sensor	1/3 " CMOS Sensor	
Lens	4mm F1.6fixed lens	
Resolution	Main stream: 2304*1296 Sub stream: 640*360	
Frame rate	15fps	
Image		
compression format	H.264 / H.265 Support dual stream	
Audio format	AAC, G711	
Storage	TF card storage (Max 256G)	
Audio feature	Two-way audio	
WIFI	Support	
RJ45 interface	10/100M adaptive	
Protocol	Support N1	
Mini illumination	Color: 0.1Lux, Black and white 0.01 Lux	
IR LED	4 Infrared light 4 white light	
IR distance	Infrared light around 15M (depend on environment)	
Power	DC 12V 1A	
Power consumption	≤10W
