HW-33MPT40W-D
2MP Dual Lens & Dual Band WiFi

Product Features

* Dual 2MP, enjoy definition picture quality

* Supports 2.4GHz and 5.8 GHz frequencies, and is compatible with WPA and WPA2 encryption

* 2inch PT camera body, made of engineering plastic material, outdoor rainproof IP65

* Horizontal viewing angle of 308 degrees, vertical viewing angle of 90 degrees, supports 6 preset positions

* Local TF card video recording storage, ensuring the safe storage of video data

* Supports MIC and speaker, two-way audio

* Supports Bluetooth network configuration; easily connect the camera to the network by scanning a QR code, making operation simple and convenient.

* Infrared and white light dual light design, supporting adjustable black-and-white and full- color modes

* Active defense system: detects intruders entering the security zone, features motion tracking, and sends real- time alert notifications. The device also includes sound and light alarm functions.

* Area motion detection with real-time alert notifications Smart human detection filters out false alarms, providing precise protection for your safety, along with sound and light a larm functions on the device

* Support remote monitoring of mobile phones and PC clients, and view the scene anytime, anywhere.

* IP66,4000V lightning protection, anti-surge, anti-surge.

Specifications

Model	HW-33MPT40W-D
Pixel	2MP+2MP
Sensor	1/3" CMOS Sensor*2
Lens Bullet	4mm fixed lens + PT 4mm fixed lens
Resolution	Main stream: 1920*2160
	Sub stream: 800*896
Image compression format	H.264 / H.265
	Support dual stream
noise reduction	Support 3 Dnoise reduction
Audio format	AAC、G711
Storage	TF card storage (Max 256G)
Audio feature	Two-way audio
Pan	Up to 308 °
Tilt	Up to 90 °
RJ45 interface	1 RJ45 Ethernet interface, 10/100M adaptive
Protocol	Support N1
Mini illumination	Color: 0. 1Lux,Black and white0.01 Lux
IRLED	Infrared + white light , 8 dual-core ball lights + 4 dual-core gun lights
IR distance	Infrared light 20~30 M, white light 15~20 M
Power	DC12V
Power consumption	≤15W
