The New Era Of
Construction Time Lapse

BCC5000

The Brinno BCC5000 bundle is a business-made solution designed to handle real-life outdoor recording challenges and aims to become the best long-term time lapse companion.

Long Live Camera

Reuseable & Rechargeable Battery

The first time lapse camera to feature the Brinno Rechargeable Battery with up to three expandable battery slots*, eliminating the waste of AA batteries while maintaining convenient camera management.

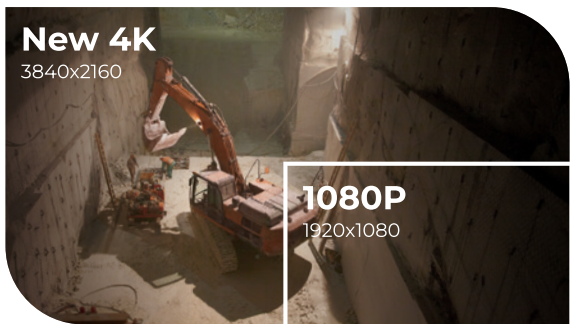

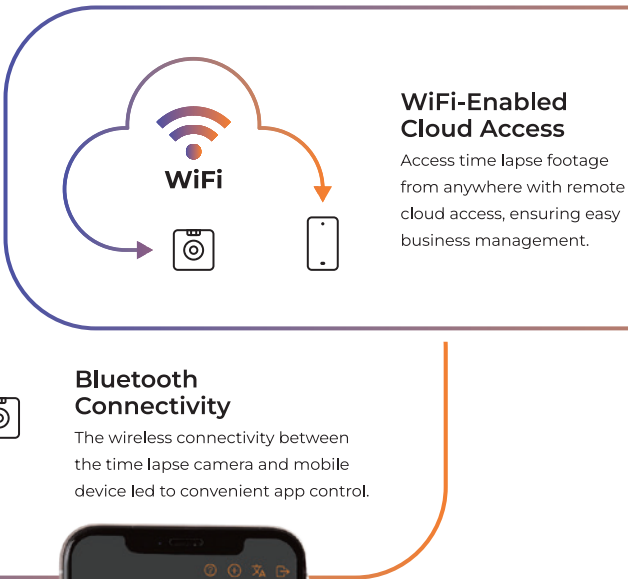

* Requires extra purchase of rechargeable battery

Empower Business

Remote Management & Local Control

The BCC5000 enables effortless business operation with minimal maintenance requirements. Remote cloud access ensures unlimited manageability, while Bluetooth connectivity allows seamless local control via mobile devices. Featuring a newly designed modular power housing and a durable camera clamp, the BCC5000 is the ultimate business solution for unparalleled time lapse recording.

Holly-Ready

4K Professional Quality

The TLC5000 4K time lapse camera equips the Sony STARVIS 2 sensor, providing clear HDR for balanced exposure and low-light performance for detailed images in darker environments.

On, Select, ACTION!

Intuitive UX Design

Simply power on, select your interval, and you're ready to start time lapse recording. The BCC5000 bundle features the TLC5000, the EASIEST 4K time lapse camera with an extremely easy setup process.
