

- Product type: Microphone stand with round base
- Length adjustable: 780-1395 mm
- Cantilever adjustable angle: 0-180°
- Chassis diameter: 250mm
- The stand is a two-section cantilever adjustment, it can be rotated 180 degrees up and down .
- The telescopic tube adopts air resistance design, which makes the telescopic tube descend slowly and prevents the hand from being pinched.

SPECIFICATIONS

Product	MiST-1460
Product type	Microphone stand
Tubing material	Steel
Tubing color	Black
Min height	780mm
Max height	1395mm
Chassis diameter	Ø250mm
Tubing diameter	Ø25mm
Diameter of telescopic	Ø20mm
Weight	3.46kgs

Verification of compliance : RoHS
