

Sharing Royalty Project **(An Emergency Project)**

I changed My plans. Because;

- (1) There are 324,990 British homeless men in the UK.
- (2) This is a winter season in the UK.
- (3) A winter season in the UK is very cold.
- (4) A winter season in the UK is from December to February.
- (5) After I had thought “This is a winter season in the UK. It is very cold.

How do British homeless men live?”, The Father told Me by voices of many men “We want hot beverages” “We want a new pair of gloves” And “Our old sleeping bags torn”

So, I want to give a book of coupons for hot beverages, clothes for winter, accessories for winter such as a sleeping bag and a pair of gloves, and some necessary things British homeless men need and can buy by the coupons for all British homeless men in the UK.

A book of coupons has total value 100.00 GBP. So, budget for the books of coupons is 32,499,000.00 GBP. So that, I estimated total budget at 33,000,000.00 GBP for printing the books of coupons and managing the project such as a wage for a staff.

If King Charles offers Me royalty 20,000,000.00 GBP, I will keep the money 9,500,000.00 GBP minus tax for the UK for Myself, I will donate the rest of the money 10,500,000.00 GBP to the project, and I will borrow money from King Charles to complete the budget for the project under an agreement “After My Auction for The Project “The UK comes first” will have finished, I will quickly pay all the money I borrow King Charles back to King Charles 😊😊”

But if King Charles offers Me royalty 30,000,000.00 GBP (10,000,000.00 GBP more from the royalty 20,000,000.00 GBP), I will donate all the 10,000,000 GBP to the project. So, the project will have 20,500,000.00 GBP to be the budget. So that, I need to borrow money from King Charles to complete the budget of the project (33,000,000.00 GBP) under the agreement “After My Auction for The Project “The UK comes first” will have finished, I will quickly pay all the money I borrow King Charles back to King Charles 😊😊”

However, if King Charles offers Me royalty 50,000,000.00 GBP (20,000,000.00 GBP more from the royalty 30,000,000.00 GBP), I will donate 12,500,000.00 GBP to the project. So, the budget of the project will be completed by the money 33,000,000.00 GBP. And the rest of the royalty will be 7,500,000.00 GBP. So, I will give Oyster Cards under budget 5,000,000.00 GBP to Londoners.

Budget for Oyster Cards (Top-up):	5,000,000.00 GBP
	5,000,000.00 / 200.00 GBP
	= 25,000 Londoners

And I will spend the rest of the money which will be 2,500,000.00 GBP for:

- 1) 1,000,000.00 GBP for establish a foundation 😊😊.
- 2) 1,500,000.00 GBP for being working capital for a shop for an embroidery competition and businesses for a mocktail competition 😊😊.
