If everything which king Bhumibol, king Vajiralongkorn, the Chakri dynasty, all Thai people, all evil foreign people, their all co-workers, and all evildoers offended Me and us, makes them happy, May them get so very much happiness.

May king Bhumibol, king Vajiralongkorn, the Chakri dynasty, all the Thai people, all the evil foreign people, their all co-workers, and all the evildoers happy and happier, both their bodies and their hearts, May them can save themselves from all pains, all sufferings, all anguishes, all dangers, all perils, and all disasters.

I do not want to persecute anyone and do not want to have an enmity with anyone. I just truly would like king Bhumibol, king Vajiralongkorn, the Chakri dynasty, all the Thai people, all the evil foreign people, their all co-workers, and all the evildoers to confess the truths and to be sentenced as their felonies and crimes they all have offended altogether by convictions of every court of law. And because I am Allah's Messenger and they all have offended tremendous Muslims, so I really would like them all to be sentenced by Shariah Law too. But because I do not want to persecute anyone and do not want to have an enmity with anyone, and because Almighty or Allah is The Fairest and knows the mind of each man, so the sentences they all will be punished are up to Allah or Almighty.

May Almighty or Allah complete My Wills.

Amen.
