

## ***A plan of Prayuth Jun-o-cha (22 October 2024)***

After I had told you what I have heard in the topic “Could you forecast what else is happening? (21 October 2024)”, I heard;

Prayuth Jun-o-cha has told pimp king Bhumibol and the satanic Chakri dynasty “We need to let Angie **convince** foreign people to believe that I will betray His Majesty The King and your family before. Then, after Angie and Prince William will have been at The Holy Home, I, my friends, and many Thai people who are our henchmen will **dramatize** to overthrow His Majesty The King and your family. After that, His Majesty The King and your family have to hide yourselves from public to “a safe house” ...

... And when foreign people call the Thai government for sending His Majesty The King and your family to be sentenced abroad, I, my friends, and many Thai people whom the foreign people were fooled to believe “They are the opposite side of pimp king Bhumibol and the satanic Chakri dynasty”, will **lie to** the foreign people **“Innumerable Thai people are furious and rancour king Bhumibol and his family, and king Bhumibol and his family were killed by the Thai people. Since that time, we still have not found the dead bodies of king Bhumibol and his family. For this reason, all Thai people proved themselves “We committed the plans because our leaders are devilish, but we can reform ourselves.” ...**

... **Thus, in the end, His Majesty The King and your family will be peacefully spend your lives at a safe place in Thailand, and almost all Thai people will be able to run away from “karmas in this life” (or another word is “bearing of fruits in this life”) too!”**
