

Could you guess why they have done like these?

(16 July 2026)

(Please read them all.)

Could you notice that since early 2024, Almighty or Allah has been frequently allowed to tell Me many secretly important truths of the satanic to publicise to The World and has been frequently allowed to tell Me to write Many Important Topics to teach?

So, two important questions are that although the satanic agreed an agreement with Almighty or Allah at the start not to mass with My Works (including if I tell the truths of him to The World, he will not start any processes of law against Me until I and Prince William will be at The Holy Home), who else usually allowed Almighty or Allah to tell Me many secretly important truths of the satanic to publicise to The World and usually allowed Almighty or Allah to tell Me to write Many Important Topics to teach? And why they have done like these?

Although Almighty or Allah has sometimes told Me “Angie. Prayut Chan-o-cha agreed with Ratchaneewan Ad-harn and Ad-harn family to tell You their many secretly important truths to be a way to alibi as their plans” and “Pimp king Bhumibol has allowed prostitute Ubolratana Rajakanya and prostitute Sirikitiya to tell You the truths of their foreign co-workers”, I strongly believed that people who have frequently allowed Almighty or Allah to tell Me many secretly important truths of the satanic to publicise to The World and have frequently allowed Almighty or Allah to tell Me to write Many Important Topics to teach, are **the same side of the satanic** who will be early people to be killed, who will be early people to be “moved into prisons”, and/or who will be early people to lose their profits after Prince William will have called Me!

Almighty or Allah also confirmed My Thoughts on 16 July 2026 in the morning “Angie. The satanic will lose his face if You and other people including righteous foreign police officers and the good know that he has quarrelled among the group!”

Once again: Some of the wicked natures of all the Thai people are “If I get a disaster, other people including my co-workers must get the disaster along with me!” “You work the plan with me, why do you let me get the disaster alone!?” and “You work the plan with me, why do you let me be sentenced alone!?”

😊😊 **Therefore, could you guess why they have done like these?** 😊😊
