

## ***Do not divorce!***

***(The perfectly updated version of 15 March 2024)***

In this message, I would like to advise every king, every prince, and every princess who married a harlot or a pimp, that you all **must not** agree to divorce the harlot or the pimp whom you married and **must not** sign your signature on a divorce certificate in that **if you do these, it means that you accepted that the marriage between you and the harlot (or the pimp) is legal, and divorce has many legal consequences such as she (or he) will have the righteous rights as an ex-spouse.**

I told **the best way** for you all many times. **You must request a judge at a civil court in your country to order “The marriage of I and the harlot (or the pimp) is void”**

**My advice for every king, every prince, and every princess who engaged a harlot or a pimp is the same.**
