

Do not you love your own country?

(You are “lucky” because you have your own monarch (Part 2))

The Father Almighty told Me in early March 2024 several times “Angie. The monarch keeps tabs on how the government governs the country” And “Angie. Politicians and the government of a country where has its own monarch know their own monarch. If their monarch is ethical, the politicians and the government will be afraid of doing wickedness, hurting the citizens, and destroying the country such as corruption and selling drugs. The politicians and the government will also know if they want to do wickedness, hurt the citizens, and destroy the country, they have to overthrow their own monarch before”

From the truths The Father Almighty told Me earlier, did you know why before 2000, the UK, all countries where have its own monarch in Europe, and all developed-countries where have its own monarch, were developed, civilized, and prosperities, but since pimp king Bhumibol started his reign, all Thai politicians are tricky, and Thailand has been plenty of soldierlike mafia gangs, police mafia gangs, government officer mafia gangs, corruptions, bribes, drugs, gambling, outlaw goods, crimes, felonies, criminals, and felons? And since pimp king Bhumibol started his reign, could you notice the truths of playing politic games of the pimp kings of Thailand and the satanic Chakri dynasty?

Did you know why your monarch and ethical members of your monarchy have been controlled and/or have been ordered to spend their lives with harlots and/or pimps, and have been controlled and/or have been ordered to do many things oppose to their natures especially the natures of the western people?

So, why many British people, many European people, and many citizens of the developed-countries where have your own monarch feel fun to work with pimp king Bhumibol, the satanic Chakri dynasty, all Thai people, and all evil foreign people to hurt your own compatriots, overthrow your own monarch, and destroy your own country? ...

... If you do not care about your own compatriots, and if you do not admire your own monarch, ...

... do not you love your own country? ...
