

## ***My message to every King and every Prince (1 February 2024)***

If Prince William is The Real Son of The Father Almighty, I would like to ask Prince William ...

... “The investigation team told you “Good creative people told us “We can do nothing, so we need to wait for until pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people themselves let Kay, Her Parents, and Her Group go”. ...

... Prince William, sir. Who are those creative people? But who are you? ...

... Prince William, sir. You have told everyone around you “I am The Son of God” and you knew you have The Missions to do. ...

... Prince William, sir. One of the principles of Christianity is “Nobody can triumph over The God”. But The God has 3 Person: The God, The Daughter and The Son, and The Holy Spirit. ...

... So, Prince William, sir. If you are The Real Son of The Father Almighty, why do you believe “I can do nothing the same as other people”? ...

... Prince William, sir. If you can do nothing which is the right to succeed in your Missions, how can you save the lives of Mine, My Parents, and My Group? And how can We save the thrones and the world? ...

... Prince William, sir. How A Boy and A Babygirl who are Soulmates should treat each other? Why do you believe that your Missions are “To let Kay be tormented, to let Kay hurt, to let Kay cry, and to hurt Kay”? And Prince William, sir. Why The Father Almighty sent The Soulmates?

Anyway, I would like every King and every Prince to know 4 of the weak points of Kings and Princes by birth which I agreed with The Father Almighty:

1) They are not “men of effort” in that they have gotten everything in their lives easily since they were born. After they try to do something but do not succeed not more than triple times, they abandon.

2) They are not able to decide something alone. They need to rely on a team or teams to help them to make an important decision even though they do not know who else in the team can be trusted, who else in the team cannot be trusted, who else in the team wish them the best, but who else in the team wish them maliciously.

Did you know why Princess Diana used the word “crowded” for her marriage life in an interview?

3) Because they do not need to do everything by standing on their feet but have their team and/or their servants to do instead, so their brains are “blank”.

Could you notice that although: (1) King Charles and Prince William knew that the voice laid to humans and many creative people are assigned to lie to other people. And (2) I posted the topic “Fishing” on My website on 6 January 2024, they still decided to believe the voice and the information which they got from creative people instead of believe Me who never lie to anyone?

4) They do not know how to win the heart of a woman whom they love because they do not need to please any women as women around them are ready to please them to grab them.

By the way, could you notice that Prince William never tries doing according to My advices but he strongly believed that he cannot? So, I can forecast that after he will have tried doing according to My advices but will not succeed not more than triple times, he will forsake!

These are important reasons why if My Soulmate is not a prince by birth, I will not definitely be interested in any princes.

Did you know why from I was born to 29 January 2013 I did not know who My Real Soulmate is?

Last, now, I really think that if I marry a man who will come into My life as My youngest child, spending My life as a single is better!
