

***How a huge number of compensations and interests to compensate Us will be?
(1 September 2025)***

Although since 31 May 2025, I have periodically forgiven them, they never stop doing wicked deeds to Me and My Parents. Some of the damages are;

- 1) The air-conditioner in My Bedroom which is "Mitsubishi Electric" always has not been cool.
- 2) Some of My hairbands were changed their styles.
- 3) One of My hairbands which has a bow was changed not to have the bow.
- 4) On 22 August 2025, I returned some clothes which I bought by Lazada PayLater on Lazada application. The system returned My money but missed 72.70 THB.
- 5) My 2 orders which I bought by Lazada PayLater on Lazada application were lost from the system. But I was still minus My money 3,286.32 THB from Lazada PayLater.
- 6) Some newly bought clothes were changed their styles.
- 7) Some newly bought clothes were destroyed.
- 8) One of newly bought clothes was disappeared from My Wardrobe.

And

- 9) My sanitary pads were lost from My Wardrobe 2 times, total 4 packs (33 pieces).

Every wicked deed which pimp king Bhumibol, prostitute queen Sirikit, pimp mha Vajiralongkorn, the satanic Chari dynasty, all Thai people, all evil foreign people, and their co-workers have done to Me has taken place while I have not been able to response their wicked deeds and I have no money. So, although how to request every court to punish them all in this life and how to punish them all in Hell and Fire are up to Decisions of The Father Almighty or Allah, I need a large number of compensations and interests!

The Father told Me “Angie. Every time they order Me to damage You, You will be compensated at least 20,000,000,000 GBP / a time. And how many times and how many seconds a damage occurred are two of the criterions I use to calculate compensations and interests to sentence whoever orders Me to damage You including whoever makes flaws on Your Face and Body and whoever makes You gain weights!”

Because the time passes around 26 years, so could you guess how a huge number of compensations and interests to compensate Us will be? 😊😊😊😊
