I promised (12 December 2024)

The Father Almighty or another name is Allah told Me "Angie, many Chinese people who have ordered Me to make China be Leap-Forward Development (Exponential Development) have worried "After The God will have turned back the time to 1987, we will turn back to have hard lives again.""

As a result, I promised everyone who will be in the new better world "Because after The Father will have turned back the time to 1987, it will be My Era, so no country in the new better world will be left behind. The whole new world both in the east and in the west will step forward altogether. This is One of My Missions ... Although I intend to occasionally give presents to only British people who will be still in the new better world and the UK because they are My Compatriots as My Close Cousins and My Homeland, The Father and I will help every country in the new better world equally to move forward altogether ... I promised ©©."

If you really know The Father and Me, you will know that We always keep Our Words ©©.

And once again: Because dramas of a country reflect the culture of the country and natures of the citizens of the country and because I watched Chinese dramas when I was a girl and teenager, so I do not believe that all the Chinese people are wicked by their natures. So that, think over: If you are not under control of pimp king Bhumibol, pimp king mha Vajiralongkorn, the satanic Chakri dynasty, all Thai people, and all evil foreign people, why you whose the culture strongly stress about morality such as grateful, honesty, bravery, hard-working, try, responsibility, and harmonize decide to work the plan?

And once again: All foreign people who work the plan because they are controlled to work the plan and can reform themselves will not be definitely convicted of any crimes and any felonies of criminal law and civil law in that they did unconsciously. Just restore everything they get from the plan to a real owner (or real owners ©©) to show that they are ready to reform themselves in the new better world ©©.

I have graduated from faculty of *law*. And *if you really know Me, you will know that if I do not have full of confidence, I will not definitely speak out* ③⑤.
