

Japanese people

(9 April 2025)

On 8 April 2025 at around 9:30 pm, after I had seen a cup which has “Hello Kitty” on it in My Bathroom, I started thinking “If all the Japanese people were wicked all and they all would be taken down to hell and the eternal flame all, **why** Daddy Almighty let them create “Sanrio Characters” such as Little Twin Stars, My Melody, Cherry Chum, and Sugar Cream Puff for Me? **Why** Japanese style is one of My most favourite style? And **why** The Father Almighty or another name is Allah Himself has told Me “Angie, they planned to change the name of Little Twin Stars from “Gigi” and “Lala” to be “William” and “Angie” too?” ☺☺

So, I would like you to know My Reasons why I believed and wrote in the topic “Countries that work the plan” (3 April 2025): “Japan is one of the countries that the monarch and all the citizens work the plan”;

1) The Father has told Me many times “Angie. ***We will know what the monarch of a country is by observing how the country has been. Because a good monarch keeps tabs on the government of his country what else the government of his country has done to his country and his beloved citizens!***” And since I was a teenager, I have heard the news “The new generation of Japanese people are **different** from the old generation of Japanese people” ***“Many Japanese people especially many Japanese teenagers suicided”*** and ***“Japan is possessed by Yakuza!”*** So, I forecasted that the Japanese people who suicided are tempted by the devil’s dirty plan the same as Me and “Alice” in the book “Go Ask Alice”. So that, I strongly believed that the monarch of Japan and the monarch of Thailand are the same wickedness. If they are not wicked, **why** they let their countries be devastated?

2) The Father told Me “Angie, all the citizens of Japan and all the citizens of Bhutan agreed to work the plan all in that their monarchs themselves enticed the citizens to work the plan by themselves!” So, I thought “Or Japan develops only high-technology, but let the minds of the citizens “decay”?”

However, I would like to underline the truth again: Japan is famous for high-technology, discipline, hard-working, polite, humble, nice, and friendly, so Japan is in Top 3 of the most developed countries in Asia. And The Father told Me more than several times: “Angie, ***because I sent You and Will to be born, so Japan will not definitely be disappeared from Our World!***”

Therefore, ***if there are still Japanese people who do not work the plan, ... I apologize*** ☺☺.
