

My message to Emperor Naruhito and Empress Masako (14 November 2024)

Emperor Naruhito and Empress Masako, sir. The Father Almighty or another name is Allah told Me “The monarch of Japan does not doubt why many Japanese students and many Japanese young adults suicided. The monarch of Japan thinks “They are stressed because of high-competitions in studying and working””

Emperor Naruhito and Empress Masako, sir. The Father also told Me “Angie, the plans of pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people to tempt good teenagers and good young adults into addicting drugs and suiciding have been run for a long time. And nobody including an adult, is able to stand high-stresses which the gangs run their plans on him but You!”

Emperor Naruhito and Empress Masako, sir. I have had direct experiences in their plans since I was just 14 years old, but I have been able to pass “the high-stresses” as The Father sent Me to expose their plans to the world.

Emperor Naruhito and Empress Masako, sir. I suggest you to read the book “Go Ask Alice” which based on true story of an Australian teenager who suicided because of their plans. But please read the version before 2009. The book will help you to know how the gangs have worked.

Emperor Naruhito and Empress Masako, sir. After I, My Parents, and My Group will have survived, Japanese students and Japanese young adults who were passed away because of their plans will come back to lives to help Me to reveal their plans to the world how the high-stresses the Japanese students and the Japanese young adults had confronted before they decided to suicide.

Emperor Naruhito and Empress Masako, sir. Besides the plans of pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people aim to tempt good students and good young adults who have good opportunities for their works and their societies, into joining the gangs to be drug-sellers, and besides the plans aim to murder people who do not “bow” the gangs, the plans also aim to overthrow all ethical monarchies because all ethical monarchies will not definitely join pimp king Bhumibol and the satanic Chakri dynasty to tempt their citizens into being “slaves of drugs”!

Emperor Naruhito and Empress Masako, sir. If you know how conditions of drug-addicts are when they want to retake drugs but they do not have any drugs to take, you will understand why I use the phrase “slaves of drugs”.

Emperor Naruhito and Empress Masako, sir. Because pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people have run the plans for a long time, so many politicians and many government officers who love money more than their compatriots, all over the world including police officers, soldiers, teachers, and professors have been in the gangs.

Emperor Naruhito and Empress Masako, sir. I am ready to answer you your questions about the plans and the gangs. And I really hope that Emperor Naruhito and Empress Masako are going to honour Me by giving Me a chance to talk to you after Christmas Day 2024 😊😊.

😊😊 I truly admire Empress Masako 😊😊
