

## ***My letter to Michael Chen Wang (12 December 2024)***

Hi, Michael 😊😊.

Michael, because I have really felt impressed with clothes and accessories of CIDER, so I want to know who else is executive of CIDER 😊😊.

Michael, I am not sure but after I had found that you are the founder and CEO of CIDER, I heard “He joined the plan, so CIDER has rapidly grown and many millionaires have invested in CIDER ... Did You see that he became a millionaire when he was young?”

But Michael, because Thailand has innumerable Thai people who descended from Chinese people (including My Parents and Me 😊😊), so ***I have learnt since I was a girl that Chinese people are clever, diligent, hard working, try, and excellent in running businesses*** 😊😊.

Michael, after I had considered your biography, I found that ***you are like a genius and you had much experiences from working for many business branches before founded CIDER in 2020.***

And Michael, I am not sure but ***The Father Almighty or another name is Allah told Me “Angie, after Christmas Day 2024, if Michael Chen Wang runs the process to officially meet you, I will allow him to meet you and Will!” ... Michael, if it is the truth, it showed that if you worked the plan, you would be able to reform yourself*** 😊😊.

Michael, I need to wait for Christmas Day 2024 to know that who else will be allowed by The Father to officially meet Me. But ***I truly hope that after Christmas Day 2024, you will be one of the foreign people whom I and Prince William will have a chance to officially meet under allowance from The Father ...***

***... because I really fell in love with CIDER!*** 😊😊

Kind regards,  
Angie
