

My message to all soldiers in occupation forces ***(21 April 2025)***

A dream of many boys is “I want to be a **brave** soldier to **protect** my motherland”

But for you who are an occupation soldier, **your main purpose is not to protect your motherland but to receive high wages for your life**, right?

So, **should a man who “killed” children, women, and innocent men for the purpose of high wages to spend for his life, be called? Should he be called “a soldier” or “a murderer”?**

If you answer “I came. So, I need to continue fighting before. If I quitted, I am not sure what would happen to me?”

You are a soldier. Why do not you decide to sacrifice your life instead of killing innocent people? ... **You are a soldier. But are your actions called “brave”?**

If you answer “If I quitted, I am not sure what would happen to my beloved family?”

You are a soldier. So, your beloved family is a soldierlike family. But why does not your soldierlike and beloved family show “a spirit of the soldierlike family” as it must be. If you have your beloved children, why do not you want to be “a role model” of “bravery” and “sacrifice” for your beloved children? And why do not you want to teach your beloved children to have “a spirit of bravery and sacrifice” of a “real” soldier?

You have your own beloved family but why do not you think that innocent people whom you hurt and/or killed have their own beloved families, and they love and are possessive of their own beloved families the same as you too?

You are a soldier, but why did you make children and women hurt, cry, and pass away? ... **Once again: You are a soldier. But are your actions called “brave”?**

You know “All people who are good and who can reform themselves but are passed on by their orders will come back to lives. And The Father Almighty and Angie will be their Best Witness at every court of law”, right?

So, once again: Should a man who “killed” children, women, and innocent men for the purpose of high wages to spend for his life, be called? Should he be called “a soldier” or “a murderer”?

.....
