

Not to grant bail for Nok

(4 October 2025)

(Please read them all.)

On 4 October 2025, I had a dish of rice with 2 wrapped up of steamed fish with curry paste which Mommy Pinya had warmed in the microwave for Me for My lunch. After I had finished eating them at around 12:30 pm, I felt dizzy and slept (but not deeply slept) until around 2:00 pm.

After I had gotten up, I called Mommy Pinya to ban Her on eating another wrapped up of steamed fish with curry paste. But Mommy Pinya told Me “I ate it at the midday after You had gone up to Your bedroom but nothing has happened to Me!”

Therefore, because 1 of the 2 wrapped up of steamed fish with curry paste which I took from the microwave had been opened (I thought that Mommy Pinya Herself opened it to check that they all had been spoil or not. As a result, I took it for My lunch to let Mommy Pinya eat another wrapped up of steamed fish with curry paste which had not been opened), so I asked Mommy Pinya “Did You open 1 of the 3 wrapped up of steamed fish with curry paste?” But She answered Me “No, I did not open any of them!”

So that, I would like to tell You what happened at My Home in the morning;

I finished brushing My Teeth and washing My Face at around 9:30 am but I did not go downstairs to take My breakfast at once because the time I go to the downstairs to take My breakfast every day is around 9:45 am.

When I went to the downstairs at around 9:45 am, Mommy Pinya was preparing fruits for paying respect to sacred things of My Home including the late Grandpas and the late Grandma. So, I helped Her to bring fruits and dishes to The Holy Room of My Home.

Before I went to The Holy Room, I had managed 4 soft-boiled eggs into a dish, had put a spoon and a fork into the dish, and had put the dish on the table at the dining area of My Home because I had thought “If Nok came down, I would be able to suddenly go up to My Bedroom”. However, I had carried the fruits and the dishes to The Holy Room before came down to take the dish of 4 eggs to My Bedroom.

When I finished helping Daddy Jamnong to set the fruits in front of the sacred things at The Holy Room at around 10:10 am, I heard sounds to know that Nok went to the downstairs. I angrily thought “Normally, she goes to the downstairs at around 10:45 am to 11:00 am. Why did she do this today?” But I just thought that she wanted to make Me take My medicines so late.

I did not go to the downstairs but came back to My Bedroom to wait for Nok to come back to her bedroom. While I was waiting, I thought to scold her. But because the time I always take My medicines had passed around 20 minutes, so I called Mommy Pinya to tell Her “Please call Me when Nok comes back to her bedroom” But Mommy Pinya did not pick up My call even though I called her each 2 rounds.

So, I was furious, and went to 2nd floor to shout “Mommy, pick up My call!”

Then, Mommy Pinya called Me and told Me “I did not pick up Your call because I was in the kitchen!”

I had waited until I heard sounds to know that Nok came up to her bedroom. So, I went to the downstairs to take the dish of 4 eggs which I had put on the table at the dining area, and a cup of yoghurt for My breakfast. I noticed that the spoon and the fork had been a little moved, but I just thought “Nok touched the spoon and the fork” so, I changed the spoon and the fork from the old pair to another new pair.

Generally, after I have 4 soft-boiled eggs and a cup of yoghurt in the morning, I will feel fresh to start to work. But today, after I had eaten them, I felt dizzy and wanted to sleep!

Could you guess what happened to the dishes which were My breakfast and My lunch on 4 October 2025? And Who did?

The Father Almighty told Me on 4 October 2025 in the afternoon “Angie. A poison which Nok put into Your foods today has a power to destroy Your Brain because they enviously thought “As A Genius, She deserves it right!””

I wrote this topic for purposes of not only telling the truths to Prince William, King Charles, Prince Harry, Prince Harry’s Soulmate, My all shining stars in the darkest nights, British people, and everyone who loves Me but also being an important piece of evidences to request a court of law not to grant bail for Nok who has offended wicked deeds which are also felonies and crimes to Me, My Parents, My Group, Prince Harry’s Soulmate, and her targets to offend while We All have not been able to do anything to her!
