

The Plan of The Father
("This is Jihad")
(23 September 2025)

The Father Almighty or Allah recently told Me;

"Angie, **The Plan which is that making all Thai people and Thailand not to have electricity, water, and internet to use in every area of Thailand if Thailand do not send Thai people who are in The Wanted Lists to countries that I order them to send the Thai people to, is My Plan. But You thought that You thought by Yourself. ...**

... Angie, after You and Will will have been at The Holy Home, The Wanted Lists will be roundly sent to the world. And The Plan will be used for every round. ...

... Angie, although Thailand has many experts in electric system, water system, and internet system, I can do as The Plan. Nobody can triumph over Me! ...

... Angie, the situations will be like what Syria, Ukraine, Gaza, and many countries where have chaos, conflicts, and wars have been confronted. In that all the Thai people themselves have felt fun and ecstatic for hard lives and difficulties of the citizens in those countries! ...

... Angie, declare to everyone **"The Plan will be used for not only Thailand but also every country that works with Thailand to order Me to do as their minds including Muslim countries that abandon and/or hurt their own Muslim siblings!"**

...

... Angie, **by The Plan, all victim countries just wait for all wicked countries to send "evildoers" to be sentenced in their countries with the result that We will not lose bloods and lives of good people of the victim countries especially soldiers anymore. ...**

... So, Angie, proclaim to everyone **"This is Jihad!"**
