

The truths of Neet and Hope

(28 August 2026)

(Please read It all.)

First of all, I would like you to know that My Father's Father has siblings. Praneet Siripattananon, nickname Neet, is a daughter of a sister of My Father's Father. And Winyou Siripattananon, nickname Hope, is the only one son of Neet.

The official husband of Neet is a doctor. So, although Neet is a housewife, she has much savings money. She and her official husband had money to send Hope to study at a university in England.

Whereas, Almighty or Allah has told Me;

"Angie. Hope has worked the plan. Hence, he could go to study a master degree at the university in England. After he had arrived England to study, he enticed many new generations in England to work the plan with him to kill You and Your Parents. Some of his temptation words are "Angie will not definitely know that you join the plan. Did you see that I am Her cousin and She does not know that I work the plan to kill Her and Her Parents?"

After I knew these truths, I have felt "Grudges" for him and Neet. Neet knew how I have felt. But she has usually called My Father and ordered My Father to talk to her when I was with My Father, to provoke Me and laugh at Me. In that if Prince William still has not called Me, My Parents and I cannot do anything to her.

It is not enough. Because the satanic Chakri dynasty knew that Neet let My Parents and Me to stay at one of her homes for a moment while My Home was being renovating, so they believed that My Parents and Me will realize "kindness" which Neet did to My Parents and Me. So, Neet was assigned to talk to My Parents and Me to forgive the satanic Chakri dynasty and all the Thai people before We and My Group will go to The Holy Home.

However, Almighty has told Me "Angie, I know everything including each thought of each man. Neet let Your Parents and You to stay at one of her homes because Your Father was a high-level executive and You studies law. Thus, Neet thought about profits which she and her family will get from Your Parents and You "Kay studied law at the number one of faculty of law of Thailand. She may be a judge. She will have a prosperity life. Thus, my son will be able to rely on her in the future!"

By the way, while I was travelling to My Father's garden in Lampang Province and was staying there with My Father from 16 August 2026 to 20 August 2026, Neet called My Father and ordered My Father to talk to her when I was with My Father to provoke Me many times. She also laughed at Me loudly.

Almighty told Me "Angie. Neet laughed at You like that because she ordered Your Father to borrow her money to succeed in her assignment. In reality, Your Father aimed to borrow the money from Your Mother. But the satanic Chakri dynasty and Neet want You and Your Parents to be "grateful" to Neet and listen to her when she does her assignment. So, they ordered Me to order Your Father to borrow Neet's money!"

From all the truths in This Topic, do you think My Parents and I should show Our gratitude to Neet?
