

## ***There is no honour among thieves! (11)***

***(27 July 2025)***

*(I wrote these truths from 27 July 2025 to 28 July 2025, and posted them on My Website on 28 July 2025.)*

Refer to a note in the topic “A topic about criminal cases” (21 July 2025), Almighty or Allah told Me more truths on 27 July 2025 in early afternoon;

“Angie, on 17 July 2025 at night, Sirikitiya let You sleep because she thought that You would fall asleep. But while she was paying her all attention to the TV series, she periodically listened to Your thoughts along with watching the TV series. **After she had known “Angie is writing how to send the harlots into a process of law”, she ordered Me “Let Her write” because of her thought “If we did not succeed in blackening The British Monarchy, British people, and the UK, all the notorious harlots must be arrested along with us!”** After she had ordered Me to let You write, she continued paying her all attentions to the TV series. ...

... Angie, **she and her mother excused “Sirikitiya was watching the TV series” because they thought “We did not lie to others in that Sirikitiya was watching the TV series exactly while she was letting Angie write!”**

I would like you to think over: **Are people who entice others to commit a crime and/or a felony, or entice others to offend a sin and/or a mortal sin, good? People who entice others to commit a crime and/or a felony are called “thieves”, right? And people who entice others to offend a sin and/or a mortal sin are not different from “thieves” because they are “religious thieves”, right? So, how can we trust them? ...**

... Because ...

**... There is no honour among thieves!**
