***(Please read them all.)***

Almighty or Allah was recently allowed to tell Me;

“Angie. Korean people decided to work the plan because they all do not want people all around The World to know the truths of 2 of their wicked natures which are Korean people are **so very much envious people** and **screw (promiscuous)** the same as all the Thai people. **Swinging and having sex immorally are very normal in their countries!**”

Did you agree with Me
