

This is A Way I teach

(Why does not The Father let Angie teach us before?)

(6 November 2025)

(Please read them all.)

On 5 November 2025 at around 5:15 pm, I heard a question from people who work the plan “**Why** does not The Father Almighty or Allah let Angie teach us before The Father will judge who else must be sent to Hell and Fire?”

Although I had intuited, I could not fast answer the question. But The Father did not let Me feel puzzle long. He quickly answered the question and went into details **why** He does not let Me teach anyone before He will judge who else must be sent to Hell and Fire. After He had told Me the answer and had gone into the details of the answer, He told Me “Angie, I want You to convey The Words I said to You to everyone”

Shall we see The Words The Father said to Me from 5 November 2025 at around 5:15 pm to 6 November 2025 in the late morning, and He wants Me to convey to everyone?

“Why The Father does not let Me teach anyone before He will judge who else must be sent to Hell and Fire?”

It is because there are people whom nobody even The Father can teach. And The Father knows at the time He created Heaven, The World, Hell, Fire, and Purgatory who else can be taught but who else cannot be taught.

The Words The Father went into details were;

“Angie, convey My Words to everyone;

For Christians and Muslims who have ordered Me continually;

You know Who I am since you were born. You know Who Angie, Will, Harry, and Harry’s Soulmate are. You know Who gods and goddesses sent by Me to do My Missions are. And because I sent Them All, so you really know that I am Real, so that you really know that Hell and Fire must be real too. I also started to teach you in A Warning Style “You had to take responsibilities for your deeds in the end if you decided to work the plan”. But you ignored My Teaching in The Warning Style and made up your mind to continually order Me Whom you really know since you were born and continually work the plan. So, **why** do you think that you can be taught? You genuinely know that Hell and Fire must be real. But you insisted to offend Me, My People, and the good. So, **why** do you think that you can be taught?

For Buddhists who have ordered Me continually;

You declare yourself to everyone “I am a Buddhist”. You know what Buddha teaches everyone about “Law of Karma”. You really know that One of The Purposes I sent Angie, Will, Harry, Harry’s Soulmate, some gods, and some goddesses to be born is to teach everyone about “Law of Karma”. And because I sent Them All, so you really know that I am Real, so that you really know that Hell and Fire must be real too. I also started to teach you in The Warning Style “You had to take responsibilities for your deeds in the end if you decided to work the plan”. But you ignored My Teaching in The Warning Style and made up your mind to continually order Me and continually work the plan. The worst is that you who are a Buddhist that Buddha teaches about “Law of Karma” strongly aim to distort The Teaching of Buddha from “Karma is An Everlasting Truth” to be “No karma” and you do everything to distort The Teaching. So, **why** do you think that you can be taught? You genuinely know that Hell and Fire must be real. But you insisted to offend Me, My People, and the good, and insisted to distort The Teaching of your own Prophet. So, **why** do you think that you can be taught?

For people who are disciples of other religions that teach you to respect gods and goddesses but you have ordered Me continually;

Because I sent Angie, Will, Harry, Harry’s Soulmate, some gods, and some goddesses to be born to do My Missions, so you really know that I am Real, so that you really know that gods and goddesses that are The Most Respectable in your religion must be real. As a result, you really know that Hell and Fire must be real too. I also started to teach you in The Warning Style “You had to take responsibilities for your deeds in the end if you decided to work the plan”. But you ignored My Teaching in The Warning Style and made up your mind to continually order Me Who am at **The Zenith (The Highest)** in Heaven and continually work the plan. So, **why** do you think that you can be taught? You genuinely know that Hell and Fire must be real. But you insisted to offend Me, My People, and the good. So, **why** do you think that you can be taught?

For people whose religions do not teach about gods and goddesses, and have ordered Me continually;

Your religion teaches you about morality, ethic, and goodness. I also started to teach you in The Warning Style “You had to take responsibilities for your deeds in the end if you decided to work the plan”. But you ignored My Teaching in The Warning Style and made up your mind to continually order Me and continually work the plan. **Why** do you think that offending Me Who am at **The Zenith (The Highest)** in Heaven, My People, and the good are moral, ethical, and good? So, **why** do you think that you can be taught? And because I sent My People to be born to do My Missions, so you genuinely know that Hell and Fire must be real. But you insisted to offend Me, My People, and the good. So, **why** do you think that you can be taught?

For people who do not respect any religions and have ordered Me continually;

Because I sent Angie, Will, Harry, Harry’s Soulmate, some gods, and some goddesses to be born to do My Missions, so you really know that I am Real, so that you really know that Hell and Fire which every religion teaches about must be real too. I also started to teach you in The Warning Style “You had to take responsibilities for your deeds in the end if you decided to work the plan”. But you ignored My Teaching in The Warning Style and made up your mind to continually order Me and continually work the plan. So, **why** do you think that you can be taught? You genuinely know that Hell and Fire must be real. But you insisted to offend Me, My People, and the good. So, **why** do you think that you can be taught?

For people who aim to replace The Positions of My People by yourself and/or your partisans, and people who do not respect “Soulmate System” created by Me;

Before you made up your mind to replace The Positions of My People and/or replace a pair of soulmates by yourself and/or your partisans, you had known the truths “She is The Future Queen sent by The Father” “She is A Queen sent by The Father” “She is A Princess sent by The Father” “They are A Pair of Soulmates created by The Father” and/or “They are a pair of soulmates created by The Soulmate System of The Father”. But you do not accept My Will, My People, the good, and The System created by Me, and try to replace The Positions of My People by yourself and/or your partisans, and/or try to separate many pairs of soulmates in “The Soulmate System” created by Me. Although you really know that Hell and Fire must be real, you do not respect My Will, My People, the good, and The System created by Me. So, **why** do you think that you can be taught?

For you all in all the groups earlier;

You know The Truths at The Start Who Angie is, how Her Soul is, and why I sent Her, but you look down on and laugh at Her “Stupid! ... She does not know Her Heart. How can She teach us?” “Before She will teach us, let us teach Her before ... Hahaha” “You do not need to teach us. Let us teach You instead!” and “She must be died by ourselves soon!” You insisted “Being ourselves is good enough. We will not definitely change!” And you were annoyed when I Who am at **The Zenith (The Highest)** in Heaven, warned you. You know that I am at **The Zenith (The Highest)** in Heaven, but you are annoyed My Warnings. So, **why** do you think that you can be taught? You know that I am at **The Zenith (The Highest)** in Heaven, but you do not respect Me and have ordered Me continually with the thought “I can order God (Who is at **The Zenith (The Highest)** in Heaven). Thus, I am the biggest!”. So, **why** do you think that you can be taught?

And Important Truths which I would like you to know is that not only I am at **The Zenith (The Highest)** in Heaven but Angie and Will Who are My Beloved Youngest Daughter and My Beloved Younger Son are also at **The Zenith (The Highest)** in Heaven. And Harry and Harry’s Soulmate Who both are My Beloved Children, are at High-Level in Heaven too. You know how Pure and Adorable They are. But you decided to torment My Adorable to pass on. And you all have worked altogether to spread the torments to babies, toddlers, kids, children, and teenagers who all are My adorable all over the world. You continually torment The Pure and Adorable, and the adorable. So, **why** do you think that you can be taught?

For people who excuse “We agreed to join the plan when we were young”;

You yourself told Me “I grew up!” and felt annoyed Me while I was warning you not to join the plan. But now, your excuse is “At that time, I was young”!

Since you agreed to work the plan, you have been older continuously for many years. And you know that I am Real, so Hell and Fire must be real too. But you do not quit the plan by your more mature, and insisted to continually order Me and continually work the plan to offend Me, My People, and the good. So, **why** do you think that you can be taught?

Once again: I aim My Whole World to have **only** good people and people who can be taught not to go to Hell and Fire to set My World to be **“The New Better World”**. Many people including many priests and many monks who have perceptions believe “In this generation, all wicked people will be removed from the world by disasters” But in reality, **all wicked people will be removed from My World by their own wicked minds ... This is A Meaning of “Law of Karma” or another word is “Bearing of Fruit”!**

I Myself created The World, so I have **The Full Righteous Right** to allow whoever I want him to live in My World, to live in My World, but not to allow whoever I want to get rid of him from My World, not to live in My World. And once again: **All wicked people will be removed from My World by their own wicked minds ... This is A Meaning of “Law of Karma” or another word is “Bearing of Fruit”!**

“นี่คือวิธีสอนของเรา”

Or can be translated in The English Language

“This is A Way I teach”
