

Three countries which I actually hate (5 November 2024)

Three countries which I actually hate are Thailand, South Korea, and North Korea.

And I am keeping tab on China “Are all the Chinese people genuinely wicked the same as all the Thai people, all the South Korean people, and all the North Korean people?”

By the way, I used to wish to study at Harvard University, but now, I felt ***negative*** with Harvard University and many universities in the US. Why? Try asking professors of the universities who have been stood out ***after*** the end of November 1999! ...

... If professors of students ***are not*** ethical, ***how*** can the professors “produce” ethical gradulators? ...

... Now, our world wants not only the smart ***but also*** the ethical! ...

... How can our world be rotated if all the people in the world are ready to “step across” and “stomp” one another to stand out? ...

... And ***one of the people whom the professors who are Christians “step across” and “stomp” to stand out, and teach their students to “step across” and “stomp” to stand out is “The Youngest Daughter of The Father Almighty”! ...***

... What should The Father feel with these kinds of people? ...

... They are “the white” but why they have done “wickedness” like “all the Thai people” “all the South Korean people” and “all the North Korean people” who all are ***“Yankees”***?

... The Father ***actually hates*** these kinds of people. ...

... And nowadays, at this minute, could you forecast who will be in a coffin before: I or these kinds of people? ...

... Nothing The Father cannot do!
