

To Remind (2)

Will, Daddy Charles, and Harry, sir. Will had waited for Me 12 years before Will said hi to Me on CNN on 29 January 2013. But why for more than 12 years, I have needed to wait for Will under severe torments, hurts, and heartbreak while Will have lived with harlots?

Will, Daddy Charles, and Harry, sir. If You All answer “Will waited for You from He was A Kid to 2012”, I would like You All to think over;

I am older than Will 6 years. And although I did not wait for My Soulmate when I was A Kid because I saw a photo of Will when I was A Girl but I was too young to know I love Will so, I have waited for A Boy Who can be My Older Brother since I was around 3 years old. But I have kept My Wish in My Mind because I am the eldest and Nok was born later. Therefore, who have waited more: Will, or Me?

And Will, Daddy Charles, and Harry, sir. Almighty is The Fairest. So, if Almighty really wanted Will and Me to wait for each other for Our Missions, why the time I have waited for Will under severe torments, hurts, and heartbreak while Will have lived with the harlots is not equal to the time Will waited for Me living without any men?
