

Waiting for a day to be killed!

(20 September 2025)

I told you “Many Thai people will pretend to die to show themselves to public again to lie to foreign people including judges and juries at every court of law to blacken their targets to blacken” “At the period of the time while they will be hiding themselves from public, they will be at secret places” And “To succeed in blackening their targets to blacken, after the Thai people will have laid the lies to blacken their targets to blacken, pimp king Bhumibol, prostitute queen Sirikit, pimp mha Vajiralongkorn, the satanic Chakri dynasty, their all consultants, and their co-workers will order their henchmen to kill the Thai people so as to lie to the foreign people including the judges and the juries at every court of law “Queen Elizabeth and The British Monarchy ordered their henchmen in Thailand to kill them!””

Therefore, could you notice one of “Law of Karma **in this life**” or another word is “Law of Bearing of Fruit **in this life**”?

Dhanin Chearavanont, Chearavanont family, and Thai businessmen whose businesses are about killing animals for being foods, lead all Thai people who love to eat meat not to let Me teach people all over the world to stop eating meat but have ordered the people all over the world to eat meat. **Because of that, many kinds of animals in factories all over the world are waiting for a day to be killed.**

And at the period of the time from the Thai people will be hiding themselves from public at “the secret places” to a day when they will be killed, they will be like many kinds of the animals in the factories all over the world waiting for a day to be killed!

Note: Why most of Japanese elders are “bedridden patients”? Did you know that Japanese people love to eat fishes the most? And could you notice when Japanese people lay fishes on cutting boards to cook? Are the fishes like “the bedridden patients”?
