

We want to know “Will you read?”! (3 June 2025)

On 2 June 2025 at around 5:00 pm, while I was being at the kitchen of My Home, **I heard the voice of a Thai man who is a police officer but he is in the drug-selling gang of Ad-harn family but the back of his house is at the back of My Home, threateningly spoke loudly “ดูสิ ... จะอ่านมั๊ย?!”** or can be translated in The English Language **“We want to know “Will you read?”!”**

Later on, on the same day at around 5:30 pm, I looked at My Prayers on My MacBook Pro along with prayed The Prayers. Next, I went online My Website and found that at that time tremendous foreign people were visiting My Website along with Me.

I am not sure but Almighty or Allah told Me “Angie, now, over million people especially British people, American people, and European people are visiting Your Website. Before they all visit Your Website, they all heard “If you want to read Angie’s Topics, you can. But you will be tormented to die like Angie!” **But they decided to visit Your Website to read Your Topics as they thought “We will stand by Angie!” and “We will fight alongside with Angie!”**. Angie, they know what have happened to You and Your Parents. They all also saw Your undereyes!”

**So, I fast understood the sentence “We want to know “Will you read?”!”
And the sentence will be a piece of significant evidences to prove “Whose orders!”**

...

Billion thanks to the over million people for not letting Me, My Parents, and My Group walk through the darkest nights alone. I am not only concern of you all but also feel so very much good until I cannot explain by any Words but can say only “Almighty or Allah and I will be your Best Witness at every court of law!”

😊😊 Billion thanks again 😊😊
