

What My plan about My compensation and interest is? (2)
(21 October 2025)

Because;

1) People who work the plan order The Father Almighty or Allah to make them and/or their organizations millionaires or billionaires **with the result that almost all the money in the world are at all the people who work the plan.**

2) All the people who work the plan must help one another **altogether** to compensate Me for compensations and interests.

And

3) The Father has told Me many times “Angie, I calculate the compensations and the interests for You **at least 20,000,000,000 GBP for each order, each point of each damage, each time of each damage, and how long each damage occurred. I mean that all about all the damages are calculated** 😊😊😊😊”

So, before The Father will turn back the time to 1987, I will share My compensations and interests to all people who are not taken down to Hell and Fire including all the children and all the teenagers maximum money which I can share 😊😊😊😊.
