

Whose children? (2)

(25 May 2025)

After I had posted the topic “Whose children?” (25 May 2025) on My Website at around 1:45 pm, Almighty or Allah started telling Me the truths on the same day;

“Angie. **before pimp king Bhumibol would marry prostitute lady Sirikit, he had had a pre-marriage health check abroad. Hensch, he really knew “I am sterile”.** But he kept this truth as his top secret, and intended to tell prostitute lady Sirikit after they spent their marriage lives so long but did not have any children together. ...

... Angie. **pimp king Bhumibol kept this truth as his top secret because every king must have an heir-apparent. He was afraid that if everyone who descended from Thai royal family and Thai soldiers knew that he was sterile, he would be fired out of the position “the king of Thailand”!** ...

... Thus, **when prostitute queen Sirikit was pregnant her first child, pimp king Bhumibol really knew “The child is not my bloodline!”** ...

... Angie. **Pimp king Bhumibol, his wife, and his family are like these, so this is one of the main reasons why he envies other royal families especially The British Monarchy and royal families who are ethical!”**
