

Why 24 years? (18 November 2024)

After you read the topic “Some of The Reasons why The Father is stopping following their orders” (17 November 2024), you will turn to believe “This is a test” again.

So, I would like you to think twice again: If this was a test, **why** the end of the time is not up to The Father, but is up to pimp king Bhumibol, the satanic Chakri dynasty, Ratchaneewan Ad-harn, and Ad-harn family?

You may ask yourselves “But why The Father follows their orders until Christmas Day 2024 comes?”

I would like you to know that since early November 2024, The Father has told Me many times “If Christmas Day 2024 **did not** come close, Your solution was the way to survive!” ...

... Did you understand why The Father told Me what Prince William, King Charles, Prince Harry, and innocent foreign people are waiting for **at the last 3 months** before Christmas Day 2024 will come? 😊😊

Whereas, I understand Prince William, King Charles, The British Monarchy, and His consultants. The Father told Me “Angie, Will will be The King of the UK. So, **He needs to consider the problem every side, wider, and farer**. After I had released almost all foreign people to think by being their own themselves, Will, Daddy Charles, Harry, and Their consultants considered the situations and concluded together “If Prince William started to help Angie before Christmas Day 2024 but pimp king Bhumibol, the satanic Chakri dynasty, all Thai people, all evil foreign people, and all foreign people who work the plan with them still could order The Father, our all alliances and all innocent foreign people **would be danger more**. If they still can order The Father to do as their minds, they still can order The Father **to make conflicts and wars continue**. Now, we know their natures. So, we can forecast what would happen to The Muslim World, many countries, and all innocent foreign people if we made them who all are “self-center” to feel displeased. Waiting for Christmas Day 2024 is the solution. After The Father will have stopped following their orders, every side will be **safe!**”

However, The Father told Me “Angie, if Will started to help You **before 2024** and they all who are “self-center” were rampant and then, made other countries and innocent foreign people danger, do You think what would happen? The other countries and the innocent foreign people would help Will to call Thailand for **fast** letting You out, right? But I **just** released almost all foreign people to think by being their own themselves on Your Birthday **2024** (19 **April 2024**) in that pimp king Bhumibol and Ratchaneewan Ad-harn agreed with Me to let Me to do this at the start. Angie, I apologize.”

Last, after you read this topic until you come to this line, you will want to know “Why 24 years?”

The Father told Me “24 years because I would like everyone to know and I would like they not to be able to refuse at any courts of law that **they laid all the lies by themselves. I never involve with their lies!**”
