

Why pimp mha Vajiralongkorn chose “Germany”?

(17 June 2026)

(Please read them all.)

Three of the reasons why pimp mha Vajiralongkorn chose “Germany” to live as his second house are;

1) He will have a safe place far away from Thailand to hide himself from a coup de tat with a purpose of real overthrowing the satanic Chakri dynasty. Could you remember that I told you that Almighty or Allah told Me “ในหลวงจะสั่งเก็บประยุทธ์ตรงจากเยอรมันเลย!” or can be translated in The English Language “King rama V will command his subordinates to kill Prayut Chan-o-cha directly from Germany!”

2) Because Germany is a member of The ICC (The International Criminal Court), so he can **excuse by lying to** foreign people including judges and juries at every court of law “Germany is a member of The ICC. Hence, if I myself offended genocides and international crimes, why I chose Germany to be my second home?”

And

3) If the disasters still have not been happened to him, he will have places in Germany far away from sights of all the Thai people to be “screws” (promiscuous).
