

Why the US president and the US government still have not stopped?

(14 April 2026)

(Please read them all.)

Almighty or Allah told Me;

“Angie, tell everyone;

The US president and the US government still have not stopped because they have believed an advice from pimp king Bhumibol, prostitute queen Sirikit, all the offspring of prostitute queen Sirikit, and their all consultants. ...

... The satanic advised the US presidents and the US government “Because we do not stop, so we can **excuse** “We were ordered and/or were controlled (by Ad-harn family and their gangs who all are henchmen of Queen Elizabeth and The British Monarchy) to do like those!””
