

Why they have allowed Me to have a shower?

(14 April 2026)

(Please read them all.)

Because Almighty or Allah told Me “Angie, when Muslims think of Me, they will hear Your Thoughts, and will know what You are doing”, so, I have avoided having a shower when they are the times of Muslims to pay respect to Allah. In that I do not want to do any inappropriate things while Muslims are paying respect to Allah.

As a result, on 14 April 2026 at around 11:00 am, after I had found that Gaza had adjusted the time to be later than Thailand 4 hours, I felt really glad, and planned to have a shower on the same day at around 3:00 pm.

But when 2:00 pm at which I planned to prepare Myself to have a shower, came, I felt like The Holy Spirit warned Me not to have a shower.

Because since the end of March 2026, the weather of Thailand has become more than 40 degrees Celsius, so water in My Bathroom has been so very much hot, and because I felt like The Holy Spirit warned Me not to have a shower, so I asked AI of Google “If one has a shower in a very hot weather and the water is hot, what will happen to one’s body?”

AI of Google told Me “(1) One tends to be “Heat Syncope”. (2) One’s body will not be able to release heat out, so body’s temperature will be much hotter. (3) One will be exhausted because his body collects much more heat. And (4) One’s skin will be very dry!”

Because My Hypothalamus works abnormal, it cannot release heat out of My Brain and Body normally, so if I want to have a shower in the summer of Thailand, I need to have a shower in early mornings and/or at nights. However, in early mornings, if I do not get up late, I will have something to do. And at nights, I usually too tired to have a shower. I mean that at nights, I always sleep before the time I can have a shower will come.

These are the main reasons why pimp king Bhumibol, prostitute queen Sirikit, all the offspring of prostitute queen Sirikit, their all consultants, and their all co-workers have allowed Me to have a shower by ordering Gaza to adjust the time to be later than Thailand 4 hours!
