

Why will not they be allowed to be in The New Better World? (3) ***(31 August 2025)***

The Father Almighty or Allah told Me to declare;

“Angie, declare the truths;

People who envy the virgin and/or the good and cannot control their envious minds, **will not be allowed** to reform themselves in The New Better World. ...

... Because people who **can** reform themselves in The New Better World **need to be able to** control their bad emotions and **need to be able to** purify their minds. ...

... Angie, in The New Better World, people who are good are **not only** You, Will, Harry, and Harry’s Soulmate **but** all the people in The New Better World are **also** all the good. ...

... Therefore, **the people who are very envious and/or cannot control their envious minds will not be allowed to be in The New Better World to make troubles for the good in The New Better World anymore.** ...

... Angie, did You know why the satans, the devils, the sinners, and the wicked have been able to order Me many orders including ordering Me to torment the good as their minds? ...

... Angie. It is because the period of the time when Will, Daddy Charles, and Harry still have not figured the truths out “Angie has told Us the truths and the Solution” and the good have been tormented, will help the good to know **what will happen** if I let the satans, the devils, the sinners, and the wicked in The New Better World!

... **Angie, emphasize the truths to everyone: I created The World with the result that The World belongs to Me. As a result, Only Me have the right to allow whomever I want to allow to be in The World to be in The World and the right not to allow whomever I want to get rid of from The World not to be in The World. And I sent You, Will, Harry, Harry’s Soulmate, some gods, and some goddesses to change The Whole World to be The New Better World. So, people who can reform themselves in The New Better World need to be able to control their bad emotions and need to be able to purify their minds in order not to make any problems for the good in The New Better World. So that, they all are appropriate for The New Better World!** ...

... Angie, ask readers “Did you know why it is called “The New Better World?”” “Did you know how a main criterion to separate “people who can reform themselves in The New Better World” and “people who cannot reform themselves” from each other?” and “Did you know why will not they be allowed to be in The New Better World?””
