

# DCJ-516

## Transportable Cellular Jammer

### FEATURE HIGHLIGHT

- Jamming the cellular frequency : 3G / 4G / 5G
- Selectable operating modes
- Jamming distance: 50 meters
- High gain Omni-directional antennas
- Battery level Indicator and status alert
- IP65 & Military standard

### APPLICATIONS

- Police & security service units
- Special military units
- Bomb squads
- Prisons & courts
- Military bases protection

SkyJammer DCJ-516 is designed based upon our RF technology. Applying advance electronic engineering, it transmit accurate RF jamming signal to interfere mobile receiver

### SPECIFICATION

Jamming Module	758 - 803 MHz, 869 - 960 MHz, 1805 - 1880 MHz, 2110 - 2170 MHz, 2310 - 2370 MHz, 2500 - 2690 MHz
Jamming Range	50 meters
Antenna	Omni-Directional
Total Output Power	120W
Power	220VAC/24VDC Li-ion rechargeable battery (2 hours operation)
Heat Dissipation	Heat Sink (Fanless Design)
Safety System	Overheat Protection, Antenna mis-match protection, Over current protection
Operating Temperature	-10°C to 70°C
Standards	MIL-STD 810G : Vibration Testing IP65 : Dust and Waterproof
