UHD Signage 110/98UH5Q

UHD Large Screen Signage Display with LG webOS Platform

- Anti-Glare Coating
- 24Hr Usage Scene (24 Hours / 7 Days)
- Slim & Even Bezel
- webOS Smart Platform

110/98UH5Q	
Screen Size	110" / 98"
Native Resolution	3,840 × 2,160 (UHD)
Surface Treatment (Haze)	25%
Bezel Width / Depth	18 mm (Even) / 68.6 mm
Operation Time	24 Hours / 7 Days

Clear Visibility with Anti-Glare Coating

With an anti-glare coating and a brightness level of 500 cd/m², content remains clear and vivid even in bright environments.

High-Performance with webOS

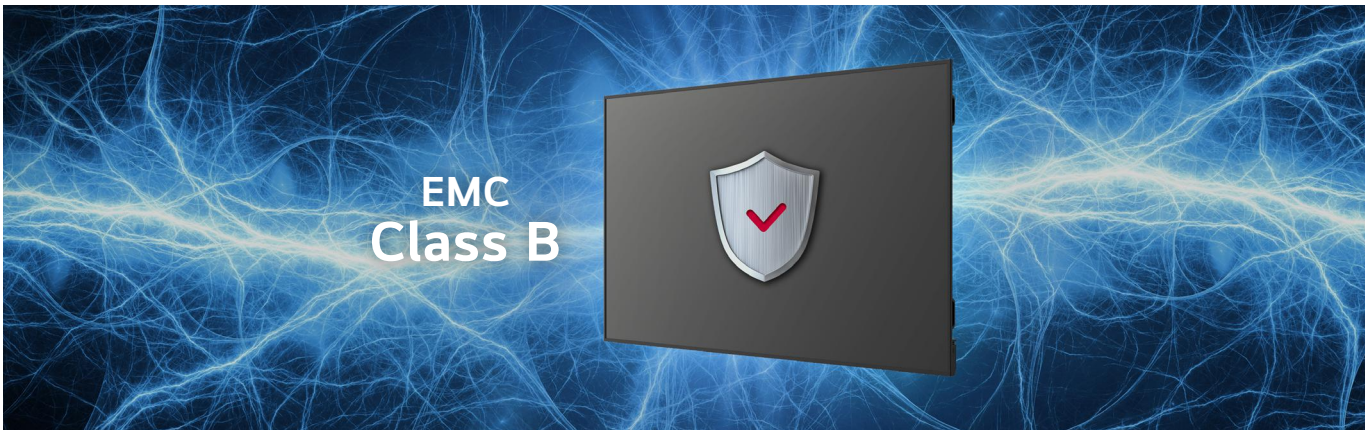

LG webOS platform enhances user convenience with intuitive GUI and simple app development tools.

Slim Design

Being slim, a closer installation to the wall is advised. Additionally, this increases the screen's immersive experience and provides a sophisticated design, improving the installed-space's décor.

* The product shown in the image is the 110-inch model.

EMC Certified

With EMC Class B certification, the UH5Q series meets standards for electromagnetic emissions, supporting safety for both the environment and human health.

Versatile Operation with Multi-USB

With support for two USB ports, the UH5Q offers versatile usage options. For example, operating content on the screen while simultaneously using other connected devices is possible. This includes convenient tasks like downloading PPT files from external storage devices while using a mouse or keyboard during a meeting.

SuperSign Solutions

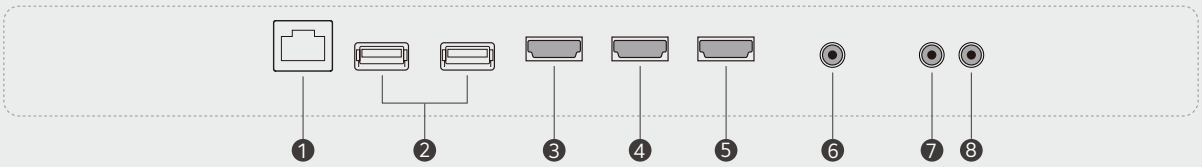

SuperSign is an integrated and intuitive content management solution for creative and organized digital signage content in your space, connecting customers to a range of services with convenient user experiences. There are a variety of versions such as SuperSign Cloud, so discover and enjoy the version that best fits you.

* SuperSign must be purchased separately.
