

POWERSHRED® LX221

Small Office / Home Office Shredder

Features

IntelliBAR™
with Patented Responsive Technology

Responsive Technology for productive shredding without interruption

100% Jam Proof™

Automatically detects and powers through tough jobs so you don't have to

SafeSense®

Protective halo automatically monitors and prevents shredding when hands or paws touch the paper entry

Run Time Indicator

Alerts you when the shredder has nearly maximized run time and when it needs a cool down

Efficiency Meter

Real-time feedback indicates the potential for increased sheet capacity for maximum efficiency

Bin Full Indicator

Notifies you when the bin is nearly full and alerts you when it needs to be emptied

Superior security and greater peace of mind for highly confidential documents
