# Hikvision IP Video Intercom

## A Simple Touch

- Step Up to a New Level of Convenience

# INDUSTRY PIONEER

Hikvision IP Series Video Intercom enjoys the largest global market share in the market, with more than 10,000,000 devices are being used worldwide. With a R & D team of more than 1,000 engineers, we are making continuous efforts to deliver more delicate products for our customers.

No.1 Global Market Share     1,000+ Engineers     1,000,000+ Devices

# MEET HIKVISION IP VIDEO INTERCOM PRODUCTS

Video intercom has come a long way from simply answering calls and swiping cards. Today, we are embracing more intelligent IP video intercom solutions. As a leading IoT solution provider, Hikvision has also been committed to the development of IP intercom products, standing on the solid ground of its excellent technical innovation and professional R&D team.

Hikvision's IP Series Video Intercom delivers a new level of convenience for apartments, suburban villas, offices, and other commercial scenarios, with advanced image quality and practical functions, such as mobile controls, friendly touchscreens, visualized interfaces, and more.
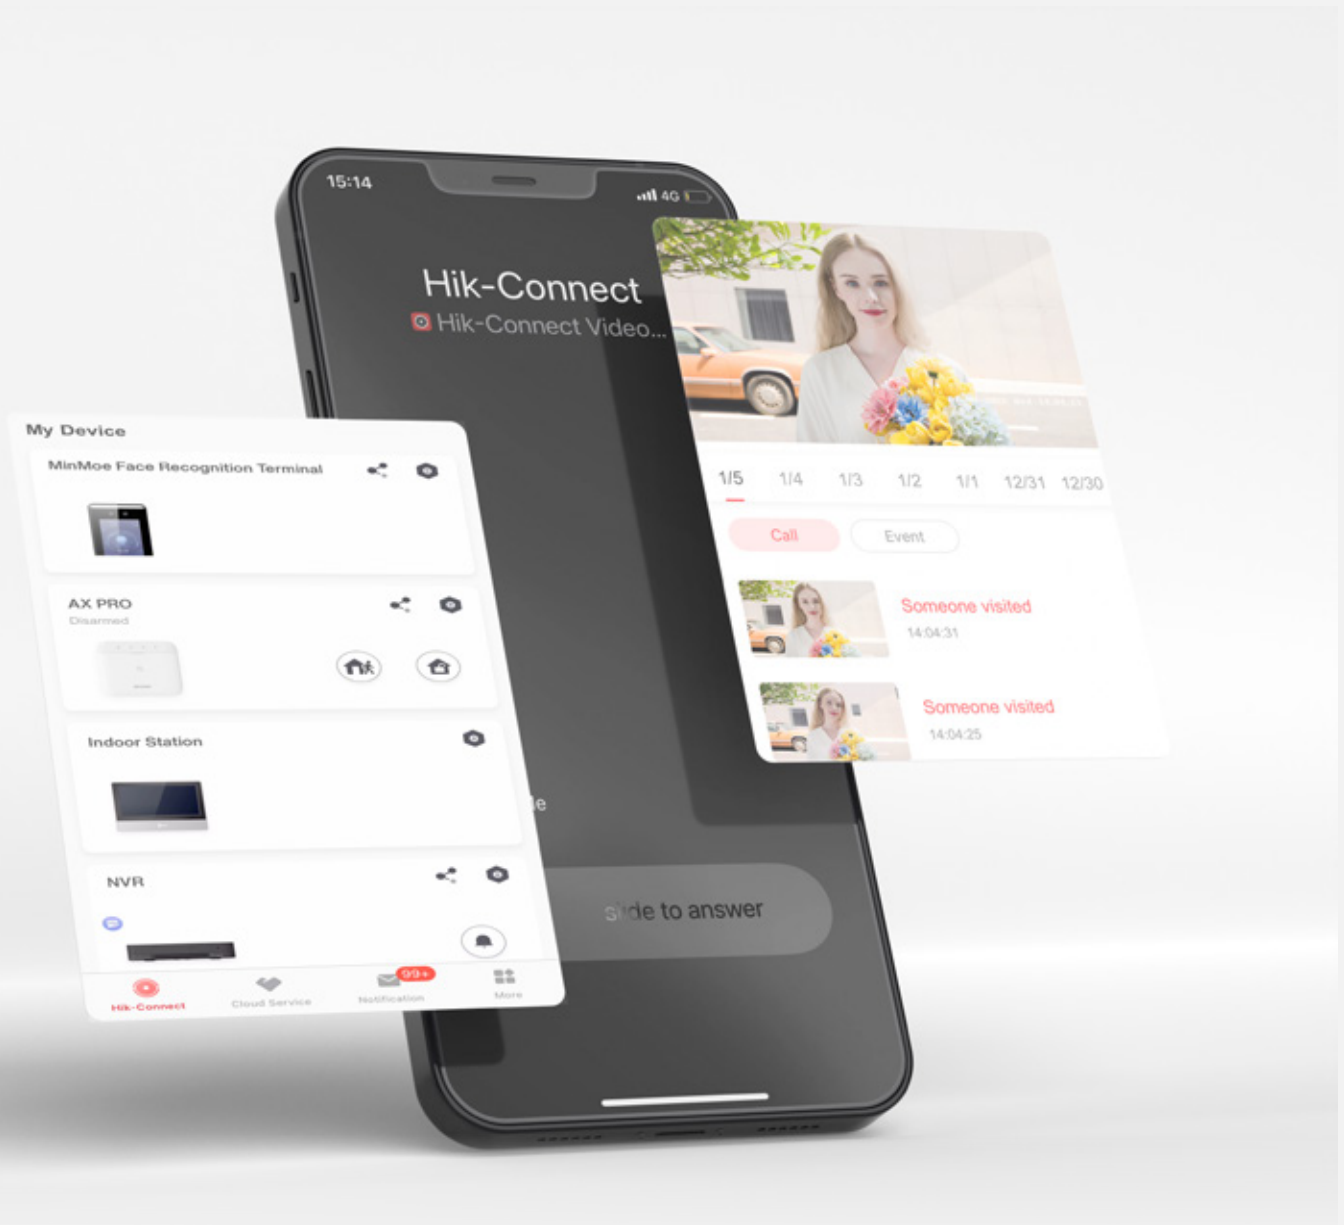

# PRODUCT HIGHLIGHTS

## All-in-one Management

• Unified control center for homes and businesses

• Easy third-party application integration with embedded Android system

• Management of all Hikvision devices and systems with visualized interfaces

**Home Security Management Center**

# Mobile Control

- Cruise through daily operations with the mobile Hik-Connect App
- Talk to visitors, receive calls, play back videos, & unlock doors remotely from anywhere, at any time

**Hik-Connect**

Scan and Download the Hik-Connect App

# Friendly Touchscreen

• Intuitive operation with better experience
• Modern design perfectly suits home and office environments
• Easy configuration via Wizard

# Great Image Quality

- Professional video capabilities deliver brilliant video quality
- Clear imaging, even in environments with low light or strong backlight
- Large field-of-view imaging

2MP

WDR

Low-illu

Large FOV

# Intelligent Authentications

• Supports cards, PIN codes, and biometric recognition
• Enjoy touch-free access
• No need to surrender cards when entering

# APARTMENT SOLUTION

The apartment solution supports up to an amazing 500 indoor stations, with communication available among all of them. Multiple door stations can be installed for one building and residents can unlock them using card or password. Integration with an elevator control system makes the entire system even more secure. Hikvision's IP Video Intercom Apartment Solution is a top choice for intercom and security system in buildings.

**Apartment**
**Ultra Series Indoor Station (7-inch)**

**Apartment**
**All-in-one indoor Station (10-inch)**

**Side Entrance**
**Face Recognition Door Station**

**Main Entrance**
**Main Module + Touch Display Module + Keypad Module**

**Elevator**
**Master Elevator Controller**
Control up to 128 floors

**Main Entrance**
**Network Camera**

# VILLA SOLUTION

The villa solution provides thoughtful, useful functions for every member of the home. Users can call multiple indoor stations at the same time and unlock a door at any of the indoor stations. They can also receive all call information and unlock doors remotely and conveniently using the app on a mobile device.
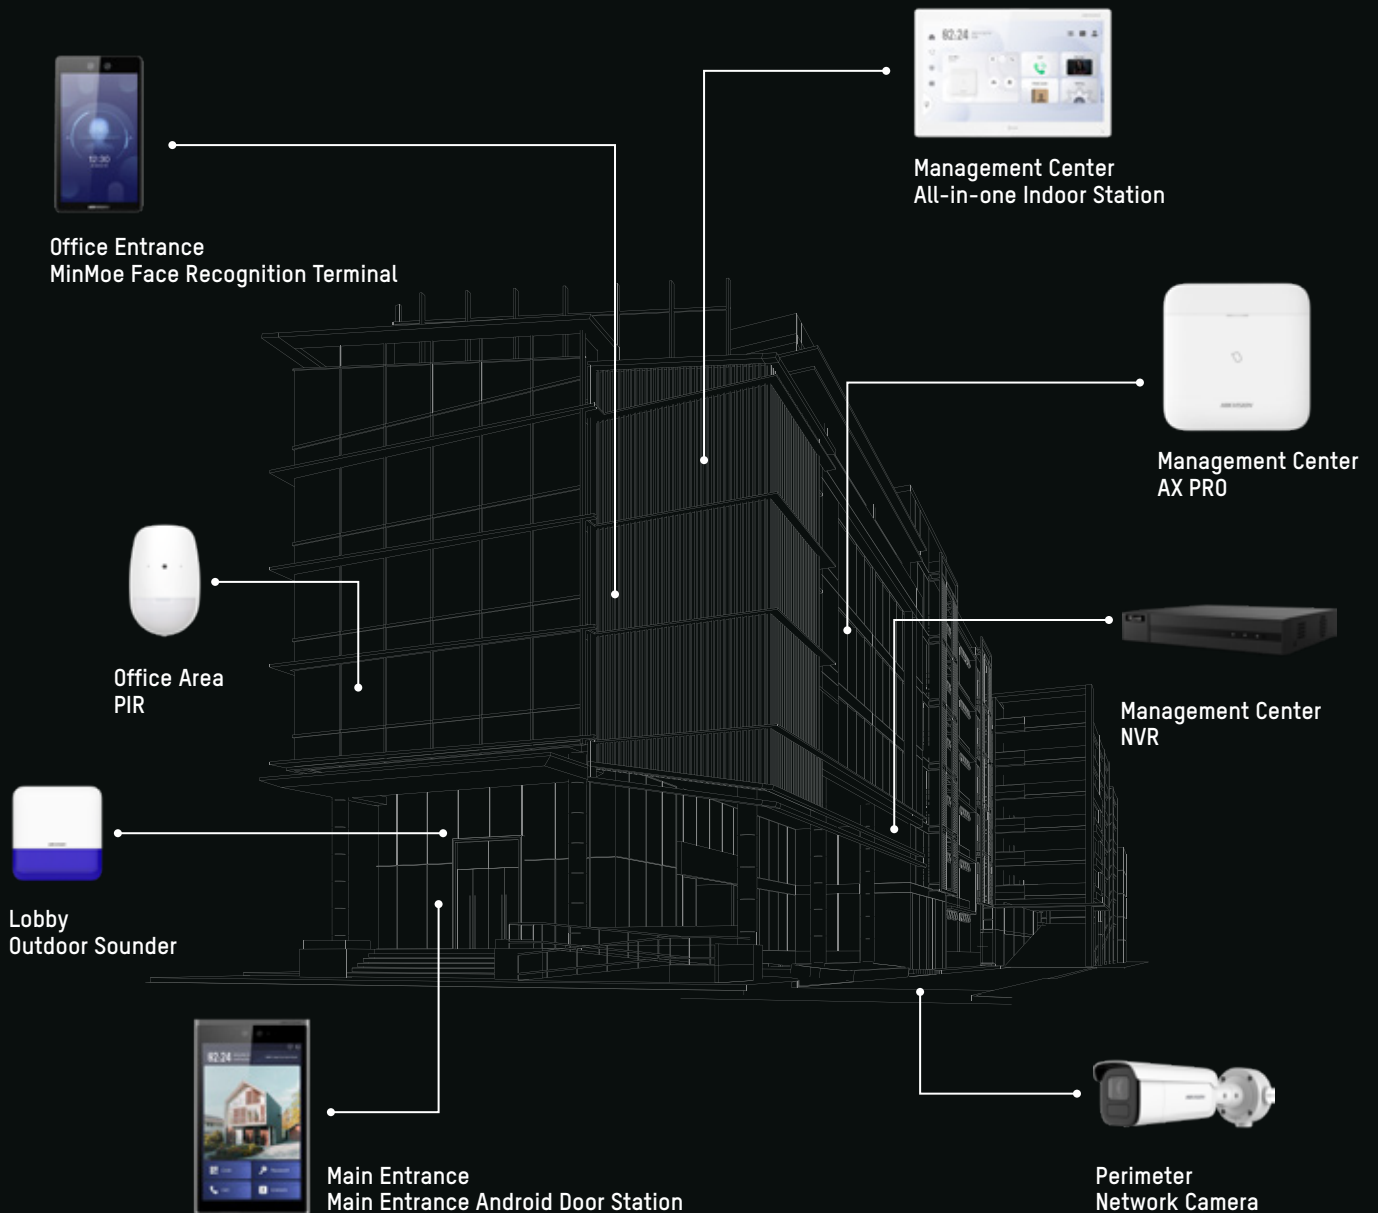

The fisheye camera on the door station renders images clearly both day and night. With the record-to-NVR function, users can check on what's happening at their doorstep. To make this system even better, integrate it with Hikvision's CCTV system, allowing indoor stations to display any IP camera installed around your house. Security and convenience come together in this IP Video Intercom Villa Solution.

**Living Room**
All-in-one indoor station (10-inch)

**Kitchen**
Ultra Series Indoor Station (7-inch)

**Living Room**
PIRCAM

**Bedroom**
AX PRO

Network Camera

**Door**
Main Entrance Villa Door Station

# OFFICE SOLUTION

The office solution provides abundant practical functions for office administrators and visitors, with the IP video intercom as the center. Front desk receptionists can immediately check the visitor's identity via face-to-face video intercom calls and open doors remotely. What's more, with mobile Hik-Connect App, administrators can check live view, answer intercom calls, and unlock doors remotely for visitors even when they are in a meeting.

And with integration with other Hikvision systems including video security, access control and alarm, the IP video intercom solution can satisfy more diverse and complicated needs of office scenario.
