

Crocodile Admix Proof

Waterproof Admixture

Waterproof Admixture

Crocodile Admix Proof is a liquid admixture for concrete with water reducing effect that act as Plasticizers and waterproofing agent. It provides the hardened concrete with a high-water tightness and excellent resistance to frost. Crocodile Admix Proof is recommended for use in structural and mass concrete such as rooftop, terrace, reservoirs, dams, basement, canals, sewage works and wherever waterproof concrete is required.

Product Features

- Reduce permeability and relative water absorption.
- Increase durability and water tightness.
- Increase workability
- Reduce shrinkage.
- Excellent slump retention.
- Chloride free, no effect to steel reinforcement

Color : Light brown

Application Instruction

Estimated Coverage

Crocodile Admix Proof 250-500 ml per 50 kg cement.

Mixing

It should be added separately to the initial batching water to ensure complete distribution throughout the mix.

Technical Data

Test	Evaluation
pH	7.8-8.9
Specific Gravity	1.01-1.02

Caution

- Should be used with protection equipment such as gloves, dust mask and glasses.
- If contact with skin or eyes, clean it with water. If irritation, immediately see a doctor.
- Keep out of reach of children

Storage

- It should be kept in a dry place and the temperature is not too high to avoid product's degradation.
- Shelf life for 1 year since manufactured date.

Packing

Net weight : 200 liters/drum, 20 liters/bucket, 5 liters/gallon, 1 liter/gallon
