SINGLE SPEED PUMPS

hydra+ series

0.5HP to 1.5HP
Swimming Pool Pump

Key Product Features & Benefits

Efficient Single Speed Pump

Baracuda® Hydra+ swimming pool pumps are energy efficient and quiet when in operation. They are suitable for small to medium sized residential pools.

User Friendly

The Baracuda® Hydra+ swimming pool pumps have been designed with the consumer in mind. Equipped with a clear view easy to remove hair and lint pot lid and a ring lock spanner included for easy maintenance. The compact design of the pump also allows it to be installed in confined filtration setups.

Quality Assurance

The Baracuda® Hydra+ swimming pool pumps have been specifically designed and certified to Australian standards. The pumps are double insulated with an IPX4 motor rating. To ensure the pumps don't overheat, they have been equipped with inbuilt thermal protection. The pumps also feature a moulded base plate providing extra clearance from the floor to safeguard against any potential water damage. Backed by a hassle free two year warranty (1 year on mechanical seal).
